SUMMARY

Spoke with RP who told me on 10/14/15 he was approached by an older WMA who identified himself as retired L/E and showed him a retired officer badge. The subject was very upset and accused one of RP's employees of selling drugs to his niece. RP discredited the comment immediately as he knows his worker, there are no signs of this type of activity, and the employee has been drug tested as related to his employment. who admitted his wife does use illegal drugs and also takes a lot of prescription drugs. I told him this had been looked into by TCSO and we did not feel his wife's accusations were credible. He agreed that could be true and said he was satisfied that TCSO had looked into the matter and said he would not pursue the matter any further or attempt to contact the Del Oro Water Co. employee. He did mention that his wife also suffers from severe seizures and was currently hospitalized as a result.

I later shared this information with RP and gave him this incident number for his internal report.]. Disposition: Gone On Arrival.
