**02:09 BURGLARY****1602220008**

Occurred on Woods Creek Wy, Columbia. Rpts 459 to his mother's residence.

summary: No burglary; no forced entry; no property taken. Multiple people have keys to the house, including RP's two brothers . RP suspects went into the house but then lied about it when he was asked about it. RP does not care if the brothers go to the house, but he says they need to ask permission first. RP believe is upset because he is not getting enough when their mother dies. was insulted about RP questioning him about going into the house. said he does not care about the family situation any more, and said he is going to Santa Cruz. RP's wife is at the house, and RP is worried will go to the house. RP says does not believe will go to the house and is not concerned if he does. RP says has made indirect threats before towards him and his mother. RP believe still has hard feelings about past family issues concerning his health. Apparently, believes he has been treated unfairly by RP and his wife. RP thinks went into the house to find a copy of their mother's will and a revolver that their mother had. I saw that the revolver was reported stolen last October. RP asked for documentation that he thinks is attempting to devise a way to obtain his mother's power of attorney or becoming the property manager for his mother's estate. RP bases this assumption off his brother's attitude about not caring about the estate anymore. RP also wanted us to be aware that he thinks may go to the house when is there. RP does not know if would escalate to violence. I told RP that I would document his suspicions, and I told him to have his wife call us if his brother goes to the house and there is a problem. /// RP called back later in the day and left me a voice mail; his mother died in the hospital. RP said she was supposed to live another six month, and he does not know if it was related to 's behavior causing stress. RP says is no longer in danger. He asked if I would add this information to the incident. . Disposition: Civil Problem.
