Officer initiated activity at Yankee Hill Rd, Columbia.Summary: I was parked on Saw Mill Flat Road, and a car drove up behind me. The car stopped once its lights shined on my car. I heard a glass bottle land in the field that appeared to be thrown from the car. The car turned around and sped away. I followed it and found it parked in a driveway. The driver originally told me he came from the other direction but later admitted that he was the car I was looking for. The driver appeared to be under the influence. He was unstable on his feet, and he had red, watery eyes. He was also rambling incoherently. He refused to cooperate when I attempted to check his eyes for signs of intoxication. The CHP arrived on scene and determined that the man was not under the influence. I could not find the bottle that was thrown from the vehicle because of the tall grass in the field. The driver said he was tired and going to sleep in his car because he could not go back to his friends house where he had been staying. No further action taken. . Disposition: Log Note.
